EXPLANATORY STATEMENT

[Pursuant to Section 102 of the Companies Act, 2013]

ITEM NO.4

Mr. K. Srinivasa Rao is a Non-Executive Independent Director of the Company. He joined the Board of Directors of the Company in August, 2013. Mr. K. Srinivasa Rao is the Chairman of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee.

Mr. K. Srinivasa Rao is a director whose period of office is liable to determination by retirement of directors by rotation under the erstwhile applicable provisions of the Companies Act, 1956. In terms of Section 149 and other applicable provisions of the Companies Act, 2013, Mr. K. Srinivasa Rao being eligible and offering himself for appointment, is proposed to be appointed as an Independent Director for five consecutive years for a term upto 31st March, 2019. A notice has been received from a member proposing Mr. K. Srinivasa Rao as a candidate for the office of Director of the Company.

In the opinion of the Board, Mr. K. Srinivasa Rao fulfils the conditions specified in the Companies Act, 2013 and rules made thereunder for his appointment as an Independent Director of the Company and is independent of the management.

The Board considers that his continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mr. K. Srinivasa Rao as an Independent Director. Accordingly, the Board recommends the resolution in relation to appointment of Mr. K. Srinivasa Rao as an Independent Director, for the approval by the shareholders of the Company.

Except Mr. K. Srinivasa Rao, being an appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 4.

ITEM NO.5

Mr. M V S Ramesh Varma is a Non-Executive Independent Director of the Company. He joined the Board of Directors of the Company in August, 2013. Mr. M V S Ramesh Varma is the member of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee.

Mr. M V S Ramesh Varma is a director whose period of office is liable to determination by retirement of directors by rotation under the erstwhile applicable provisions of the Companies Act, 1956. In terms of Section 149 and other applicable provisions of the Companies Act, 2013, Mr. M V S Ramesh Varma being eligible and offering himself for appointment, is proposed to be appointed as an Independent Director for five consecutive years for a term upto 31st March, 2019. A notice has been received from a member proposing Mr. M V S Ramesh Varma as a candidate for the office of Director of the Company.

In the opinion of the Board, Mr. M V S Ramesh Varma fulfils the conditions specified in the Companies Act, 2013 and rules made there under for his appointment as an Independent Director of the Company and is independent of the management.

The Board considers that his continued association would be of immense benefit to the Company and it is desirable to continue to avail services of Mr. M V S Ramesh Varma as an Independent Director. Accordingly, the Board recommends the resolution in relation to appointment of Mr. M V S Ramesh Varma as an Independent Director, for the approval by the shareholders of the Company.

Except Mr. M V S Ramesh Varma, being an appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financial or otherwise, in the resolution set out at Item No. 5.

Item No.6:

Due to the enactment of majority provisions of the Companies Act, 2013 certain changes are required to be made in the Articles of Association of the Company. Some new articles/clauses are proposed to be inserted in relation to use of electronic mode for voting by members, participation in meeting of the Board by Directors, service of documents and maintenance of registers and records.

A general clause is also proposed to be inserted to the effect that if any provision as mentioned in the articles is inconsistent with the provisions of the Companies Act, 2013 and Rules made therein, then the provisions of the Companies Act, 2013 and rules made therein shall override the provisions of these Articles.

The Board therefore recommends the resolution under section 14 of the Companies Act, 2013 as a special resolution for your approval.

None of the Directors or key managerial personnel of the Company or their relatives are concerned or interested in the resolution.

**MANAGEMENT DISCUSSION AND ANALYSIS
(Forming part of Directors' Report)****1. Overview**

A sustained revival is being witnessed in the Global Economy. Global trade and activity picked up in the second half of 2013. IMF has forecast the world output growth to reach 3.6% in 2014, up from 3% recorded in 2013. Strengthening of developed economies is likely to boost demand, which, in turn, will help emerging markets and developing economies strengthen further. Geopolitical uncertainties in some parts, though, remain a cause of concern.

Leading the growth revival of developed economies, the US has witnessed sustained strengthening in recording a GDP growth of 1.6% in 2013, which is projected to further rise to 2.8% in 2014. The Euro Zone appears to be transiting from recession to recovery with a projected GDP growth of 1% in 2014 as against a marginal de-growth of 0.4% recorded in 2013.

2. Industry Structure and Developments:

Enterprises are increasingly outsourcing their technology and IT services requirements to global IT service providers, leveraging their capability to deliver on a global scale and competitive prices. While global technology spending grew by 4.5% in 2013, global IT sourcing grew at almost double this rate to record 8.5% growth in 2013, according to 'Strategic Review Report 2014' of the National Association of Software and Service Companies (NASSCOM). Global IT service providers offer a range of end-to-end solutions including Software Development, IT Business Solutions, Research &

Development Services, Business Process Outsourcing (BPO), Consulting and related support functions.

As a result there is an increasing need for highly-skilled professionals in the market to help corporations transform their business, optimize operations and drive innovation by leveraging technology. At the same time, enterprises are reluctant to expand their internal IT department and increase costs. These factors have led to the increased reliance of corporations on their outsourcing providers and are expected to continue to drive future growth for outsourced technology services.

3. Opportunities and Threats

Though the overall scenario for the smaller companies is extremely competitive, there are some niche areas where there are some opportunities for growth. The management is exploring these areas to consider entering these areas and develop expertise in such areas.

4. Segment wise or Product wise Performance:

Not applicable since the Company operates in one segment only viz. software business

5. Outlook

The management is doing its best to forge relations with other companies and take the company forward in the new business lines. However, the outlook of the management is cautious in view of the competitive nature of the market.

6. Risks and Concerns

While venturing into new business lines, the company would need access to funds. The risk of not being able to raise funds at the timer needed is the biggest risk that the management foresees.

7. Internal Control Systems

The Company maintains a system of well established policies and procedures for internal control of operations and activities, and these are continually reviewed for effectiveness.

The internal control system is supported by qualified personnel and a continuous program of internal audit. The prime objective of such audits is to test the adequacy and effectiveness of all internal control systems laid down by the management and to suggest improvements. We believe that the company's overall system of internal control is adequate given the size and nature of operations and effective implementation of internal control self assessment procedures and ensure compliance to policies, plans and statutory requirements.

The internal control system of the company is also reviewed by the Audit Committee periodically. The Management duly considers and takes appropriate action on the recommendations made by the statutory auditors, internal auditors and the independent Audit committee.

8. Discussion on financial performance with respect to operational performance

The performance of the Company for the financial year 2013-14 is not satisfactory as there were no projects. The company is striving hard to bag new projects and improve software technology of the company

9. Cautionary Statement:

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/supply and price conditions in the domestic and international markets in which the Company operates, changes in the Government regulations, tax laws and other statutes and other incidental factor.

Infronics has availed term loans for procurement of equipment required for Aadhar enrolments. The central government uncertain aadhar scheme has been a major concern for Infronics during 2013-14.

Problems faced due to delays in implementation of Aadhar project, arbitrary downward revision of rates and heavy penalties for delays in uploading data.

- SakalajanulaSamme
- SamikyandraBandh
- Heavy penalties leived by UIDAI
- Arbitrary downward revision of rates
- Delayed payments due to elections
- High interest rates by banks

Project Issues :

- Initially the project has not taken off as expected and it was kept on hold for quite some time. There was lot of delay in commencement of enrolments.
- Low per enrollment payments
- Many people got enrolled again and again till they got Aadhar number. Since there is no mechanism to find out if a person is already enrolled, there are several instances of duplication in enrolments. But the UIDAI is not paying for duplicate enrolments. Hence several enrolments made by us got rejected and no payment was made for such enrolments, whereas we have incurred costs to do all that is required for enrolments.

Penalties

- The UIDAI has proposed heavy penalties for certain factors like delay in uploading the data which is mainly due to Software issues, server downtimes and other reasons which are beyond our control. The rate per enrolment paid by UIDAI is around Rs. 30/-. Whereas the penalties proposed are in the range of Rs.100 to Rs.500. Citing penalties, the payments due to us were kept on hold.

Technical Issues

- Many reported technical issues were not fixed on time by the technical support team due to which delays occurred in uploading of data.
- Due to various issues as mentioned above, the operations of the Company were severely affected and the schedule of repayments could not be met as the cash flows are not even sufficient to meet recurring expenditure like salaries, rents etc.,

Respected Sir,

* ****

This is with reference to referenced polices implemented for Penalties recovery from the Enrollment Services delivered to UIDAI through the appointed Registrars. We, Group of Enrollment Agencies empanelled with UIDAI to take up Aadhaar Enrollment Services would like to present our concerns related to penalties imposed on us.

With good faith and understanding of the prevailing policies and practices we purchased all Imported Kits for execution of Aadhaar Enrollment work in 2011. These kits were purchased at around Rs.2 Lakhs to 2.25 Lakhs each (One Kit) and these kits do not have alternative usage or resale value. The capacities were built keeping the service requirements to cover 120 Crore Population at the rate of Rs.50/- per enrollment.

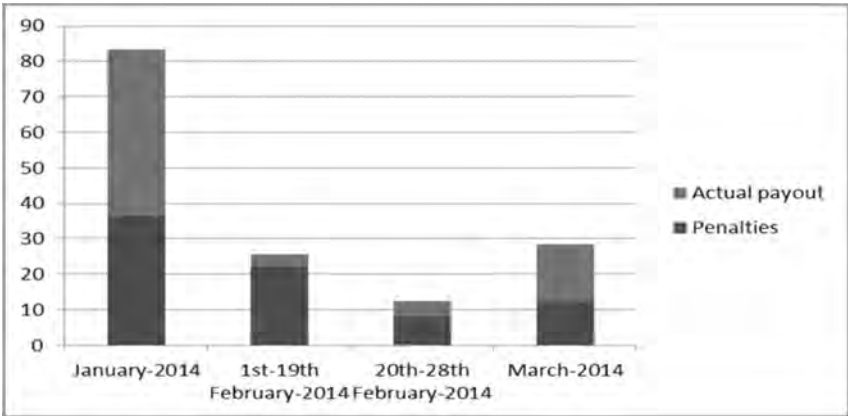

The evolving systems, procedures, practices, eco-system partners contributed more than 70 crores enrollments and 12 digit Unique ID to more than 61 crores population. All the stake holders are part of this mega mass project and UIDAI could meet the set enrollment targets and got recognition for successful management of project.

Being a partner of UIDAI eco system, we are proud to be part of Nation Citizen ID building process as well as delivering services at affordable prices with reasonable margins. At the same time frequent changes in Policies, subsequent to EAs financial commitments towards specific requirement of enrollment project resulted in distrust, solvency issues, viability issues, unhealthy competition etc which normally work against the objective of quality and effective service delivery to citizens.

Abnormal delays and uncertainties in payments pushed small and medium companies into unmanageable financial crunch situation.

Below is the table showing overall picture of total bill, Penalties and actual payments to Registrars to understand severity of penalties imposed by UIDAI on EA's. Out of total Bill from Jan 2014 to March 2014, whopping fifty two percent is deducted as penalties. This unusual penalty rates from 340 percent to 1600 percent of the unit price is not at all rational from any prospective. This is just going to kill the total project motive and objective.

UIDAI Sanctions from January 2014 to March 2014			
Total payment released details across India (Rs in Crores)			
Month	Total Generation Bill	Penalties	Actual payout
January-2014	83.31	36.48	46.82
1st-19th February-2014	25.66	22.18	3.48
20th-28th February-2014	12.38	7.99	4.39
March-2014	28.46	12.1	16.36
Total	149.81	78.75	71.05
Percentage %	100	52.57	47.43

Below generation figures show the impact on the project by imposing penalties on EA's. Most of EA's exit the project and were ready to give up their Bank Guaranties with Registrars due to impractical and irrational penalties. Since the hefty penalties imposed, we can see generation figures drastically reduced to 30 percent of earlier production. We may see generation will further go down in June and following months if corrective actions are not taken by UID immediately.

Aadhaar Generation Report

Mar-14	1.7
Apr-14	1.03
May-14	1.15
June-14	??

Points given below give high level summary of challenges faced by EAs due to penalties imposed by UIDAI.

- 1) Project policies:
 - a) Decision to keep the project on hold after completion of 20 Crores enrollments back in 2011 and delay in commencement of enrollments with refresh system.
 - b) Unilateral reduction of Enrollment Price from Rs.50/- to Rs.40/- to registrars and registrar lowering the price to EA to about Rs 30/ only. This resulted in

only about Rs 5/- margin to EAs for each successful enrolment.

- c) Parallel enrollments of NPR and UIDAI in the same areas resulted in duplicates
- d) Delay in payments by UIDAI and further delays in realization from Registrars.
- e) Unilateral imposition of Penal Policies imposed by UIDAI has impacted only EAs irrespective of the reason for the issue type.
- f) EA was not given access to audit the packet done by operator to view and fix the enrolment on spot as packet is encrypted.
- g) Many people get enrolled again and again till they get Aadhaar. There is no way for operation to know if the person came for registration had already been enrolled. But UID is not paying for duplicate packet even though EA has done their 100 percent job of enrolling the person. Either there should be an option in the software to verify at the time of registration or there should be full payment to EA for every enrolment irrespective of whether new or duplicate.
- h) Only EA got SLA requirement and no other party in whole project need to follow SLA. Mistakes from other parties do not have any penalties or those penalties are also been applied to EAs.
- i) Operator/Supervisor average life time in this project is hardly six months due to low salaries, working conditions in locations and etc. We need to expect two to five percent of cushion in their quality of work in the first month.
- j) These penalties were reported to EA at much later time after uploading the packet. By the time the issues from same operator were reported to us, operator is no longer working in the project. Because of this delay from UIDAI, there is no way to punish the operator or correct his work in reasonable time. It would be wise to inform us within one month after the packet upload to take action on operator and to avoid further issues with such operators.
- k) Need to understand challenges in managing this kind of huge project and should have at least two to five percent of error tolerance cushion in the project. We just cannot expect ZERO TOLERANCE in this kind of huge project.
- l) This clearly explains that the rules were made without considering the

ground reality. If the issues are with one operator or EA then it should be understandable that the issues could with from the EA. But, in this scenario, every EA has been impacted with these penalties. That shows that the rules were not been practical and realistic. Or the project definition or process might be incorrect. UIDAI should review this more carefully to avoid this project get killed.

2) Penalties:

- a) Penalties are meant for fixing the errors but not to kill the project. These kinds of penalties were not seen by any EA in any project in entire world. Their Actual receipt for successful packet is approx.. Rs 30 and Penalties are Rs 100 (340 percent) to Rs 500 (1600 percent). Penalties earlier to February 2014 have paralyzed the system for EA as the penalties are much more than the margin of Rs 5/- and thrown EA's in to debt trap, which will consequently bankrupt most of EA's very soon. This will not only kill the EA, but also AADHAAR project if action is not taken immediately for removing penalties.
- b) These heavy penalties resulted in drastic reduction of daily enrollment production compared to earlier daily figures due to cash flow issues and financial situation of EAs. This will slow the overall AADHAAR project progress.
- c) Instead of alerting the EA on operator mistakes within reasonable time, UIDAI has taken around one year to report issues without any prior warnings on rejections.
- d) Irrecoverable damages to EA's by too much delay in communication on penalized EID to take corrective action on operators/supervisors.

3) Technical Issues:

- a) Many software versions are not being tested thoroughly before releasing onto field. For updating software in each system takes at least three to four days as systems are spread across many locations. This resulted in so much damage to EA by the time systems are updated.
- b) Until recently many patches are been released by Tech Support, but UID held EA responsible for all rejections due to technical errors.
- c) Many reported technical Issues were not fixed on time by Tech Support. Various instances are reported by many EA's earlier. There were no minutes of the meeting on EA reported issues in weekly meetings to track the issues progress.

- d) UID clearly accepted in Biometric Standard Committee Report released by UIDAI in 2009 the missing biometric ratio is between 2% to 5% in the pilot project due to poorly designed processes and accepted standard of devices. But there is no cushion for EA on error percentage.
- e) Manufacturers of biometric devices also agreed to expect two to five percent biometric errors with the quality of UID approved standard devices in considering Indian conditions.
- f) Software issues, server downtimes and other reasons beyond EA control, for delay in uploading packets on time. It is not rational to punish EA for reasons not with in EA control.
- g) Children EID rejections: When guardian EID is rejected all the children EIDs are also being rejected. In such cases, EA who has successfully completed children EID should be paid in full as the guardian EID could be done elsewhere.

UIDAI implemented penal policies without consultation with EAs, these policies are unilateral, arbitrary, against the natural justice, impractical, unbearable, and discriminatory in nature. The policies also implemented improperly and with huge time delays without giving any opportunity to EAs, resulting defeating the very purpose of the Penal Policies. The penal policies used as financial tool to squeeze the EAs consequently deny/delay enrollment services to the Citizens. We are not in a position to accept imposed irrational penalties imposed on EA's.

Many EA's are on the verge of bankruptcy and if no response on removal of penalties from UIDAI, their survival is a big question now.

We humbly request for set aside these policies on penalties with the approval of competent authority and request to remove earlier and new penalty clauses completely. We further request to constitute a committee with representation from all the stakeholders including Enrollment Agencies to formulate implementable and comprehensive service levels, penal policies covering all ecosystem partners. Further we humbly request to initiate approvals from competent authority to release retained amounts on account of upload delays, demographic errors, biometric errors and process errors based on the impractical policies without any further delay. The kind gesture of competent authority of UIDAI will only boost morale of EAs which is severely affected, further it shall ensure sustainability of the project and availability of quality enrollment services to the citizens.

Suggested Solutions from the EAs:

1. **Penalty removal:** Remove all previous penalties imposed till date and pay back total dues to EA. Note that when 100% of EAs in these projects are hit with high penalties, that implies that the process and penalty clause itself is questionable and not all EAs can go wrong in same way. Also note that the many reasons for these errors including software bugs from UIDAI. Additionally registrars have been deducting additional penalties for other reasons, which should be avoided.

In future maximum penalty for each packet should be limited to 10% of what EA is getting instead of 350% to 1,600% as imposed currently.

2. **Payment for duplicate enrollments:** Pay for all the successful enrollments including duplicates. Note that EA has done his job of enrollment and duplicate rejection is not EAs responsibility as there is no tool given by UIDAI to verify the duplicate status at the time of enrollment.
3. **Acceptable tolerance:** Projects of this size, which involves multiple resources and complex in nature, should have some acceptable error rate instead of expecting "Zero" tolerance.
4. **Delay in rejection information:** UIDAI should intimate EA on any errors within one month from the date of upload instead of informing after much more months delay. Also at least three months' time should be given to fix the rejected packets.
5. **Time limit to UIDAI:** There should be time limit for UIDAI for generating EID after EA has uploaded the packet. In many cases EA is getting delayed payment due to delay in EID generation. In some cases UIDAI has taken more than year or two to generate EID.
6. **Payment Cycle:** There has been extended delay in payments to EA from multiple stages. Payment should be made before 10th of every month for the previous month's generation. And

UIDAI should make sure Registrars should transfer the amount to EA within a week from their receipt. There are many cases where there is an extended delay from UIDAI as well as Registrar, which caused cash flow issues to EA.

7. **Accountability of Registrars:** At present, the UIDAI is not seeking any reports pertaining to timely disbursement of funds to EAs and their own penalty structure mostly in case of state registrars. Going forward, UIDAI should ensure that Registrars disburse the payments in timely manner so

as to ensure smooth operations and reduce cash flow issues to EAs.

8. Future policy changes: All eco partners including EA should be part of policy making team to take inputs on ground realities while making new policies.

Thanking you.

AUDITOR'S CERTIFICATE ON CORPORATE GOVERNANCE

To
The Members of
Infronics Systems Limited

We have examined the compliance of conditions of Corporate Governance by M/s Infronics Systems Limited, for the period of 12 months ended on 31st March, 2014 as stipulated in clause 49 of the Listing Agreement of the said Company with Stock Exchanges of India.

The compliance condition of Corporate Governance is the responsibility of the management. Our examination was limited to a review of the procedures and implementation thereof, adopted by the Company for ensuring the compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, and the representations made by the directors and the management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Clause 49 of the abovementioned Listing Agreement.

As required by the Guidance note issued by the Institute of Chartered Accountants of India, we have to state that the Company has certified that as on 31st March, 2013 there were no investor grievances remaining unattended/ pending for a period exceeding one month. We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the company.

INDEPENDENT AUDITOR'S REPORT

To

**The Members of
M/s.INFRONICS SYSTEMS LIMITED**

Report on the Financial Statements

We have audited the accompanying financial statements of **M/s.INFRONICS SYSTEMS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position and financial performance of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2014;
- (b) in the case of the Statement of Profit and Loss, of the Loss of the Company for the year ended on that date; and
- (c) in the case of the Cash Flow Statement, of the Cash Flows of the Company for the year ended on that date.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act we report in the annexure a statement on the matters specified in paragraphs 4 and 5 of the said order.
- 2. As required by Section 227(3) of the Act, we report that:
 - (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the Balance Sheet, Statement of Profit and Loss and Cash Flow Statement comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Act read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013; and.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2014 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2014 from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS**NOTE NO. 1****Significant Accounting Policies:****a) Basis of Preparation of Financial Statements:**

- i) The financial statements are prepared under the historical cost convention in accordance with the generally accepted accounting principles in India, the applicable Accounting Standards issued by the Institute of Chartered Accountants of India and relevant presentational requirements of the Companies Act, 1956.
- ii) Accounting policies not specifically referred to otherwise are in consonance with prudent accounting principles.
- iii) All income and expenditure items having material bearing on the financial statements are recognised on accrual basis.

b) Fixed Assets

All fixed assets are stated at cost of acquisition, less accumulated depreciation. Cost comprises of purchases and attributable cost.

c) Revenue recognition

Revenue from Software development is recognized based on software developed and billed to clients as per the terms of specific contracts. Revenue from the sale of software & hardware products is recognized when the sale is completed with the passing of title.

d) Depreciation

Depreciation on fixed assets has been provided on straight-line method at the rates specified in Schedule XIV of the Companies Act, 1956 on pro-rata basis.

e) Inventories:

Inventories are valued at cost on FIFO basis.

f) Products under development :

Products under development represent the development expenditure incurred on various products being developed by the Company. Once the development phase is completed and the products are ready for commercial exploitation, these product development costs will be amortized over a period of years depending upon the period for which economic benefits would accrue from these products.

g) Investments:

Long term Investments are stated at cost. The short term investments of the parent company are valued and carried at cost or fair value whichever is lower. In case of sale of investments, the gain / loss brought into the books of account.

h) Foreign Currency Transactions:

Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing at the time of the transactions. Monetary items denominated in foreign currencies at the year-end are restated at year end rates. Non-monetary foreign currency items are carried at cost. Any income or expense on account of exchange difference either on settlement, translation or restatement, is recognised in the profit and loss account.

i) Retirement Benefits:

- Provident Fund: The periodic contributions to Statutory Provident Fund are charged to revenue.
- Gratuity: Liability towards gratuity is provided on the basis of actuarial valuation made by an independent actuary.

j) Earning per Share:

The Company reports its Earnings per Share (EPS) in accordance with Accounting Standard 20 issued by the Institute of Chartered Accountants of India.

k) Taxes on Income:

The current charge for income tax is calculated in accordance with the relevant tax regulations applicable to the company. Deferred tax asset and liability is recognized for future tax consequences attributable to the timing differences that result between the profit offered for income tax and the profit as per the financial statements. Deferred tax asset & liability are measured as per the tax rates / laws that have been enacted or substantively enacted by the Balance Sheet date.

l) Cash Flow Statement:

Cash Flow Statement has been prepared under indirect method as per the Accounting Standard-3 "Cash Flow Statement".

NOTE NO.1**Additional Information: for the consolidated financial statement****Significant Accounting Policies and Notes on Accounts:****Basis for Consolidation of financial Statements**

The consolidation of financial statements of Infronics Systems Limited has been made as per the Generally Accepted Accounting Policies and the Provisions of the Accounting Standard 21 issued by the Institute of Chartered Accountants of India. The consolidation of accounts of the Infronics Systems Limited took place based on the audited financial statements of the subsidiary by the Certified Public Accountants of GA state. While consolidation inter-company balances and transactions are eliminated in full. The consolidation is based on the concepts of accrual, going concern and conservatism. All income and expenditure having a material bearing on the financial statements are recognised on the accrual basis.

Fixed Assets

All fixed assets are stated at cost of acquisition, less accumulated depreciation. Cost comprises of purchases and attributable cost.

Revenue recognition

Revenue from Software development is recognized based on software developed and billed to clients as per the terms of specific contracts. Revenue from the sale of software & hardware products is recognized when the sale is completed with the passing of title.

Foreign Currency Transactions:

In the case of sales made to clients outside India for the parent, income is accounted on the basis of the exchange rate as on the date of transaction. Adjustments are made for any variations in the sale proceeds on conversion into Indian currency upon actual receipt. In the case of expenditure in foreign currency, the expenses are accounted on the basis of exchange rate as on the date of the transaction.

The transactions of the subsidiary are in US dollars and GBP. There is no foreign currency transaction per se. But on account of consolidation all the outstanding entries of subsidiary as on March 31, 2013 have been converted into Indian rupees and consolidation was affected.

Foreign currency translations:

The accompanying financial statements of WOS are reported in US Dollars. The functional currency of the parent company in India is the Indian rupee (INR). Hence translation of US Dollars to INR is performed for the balance sheet account using the exchange rate prevailing as at the balance sheet date, and for revenue and expense accounts using a quarterly average exchange rate for respective quarters. The gains or losses resulting from such translation are reported as "Exchange Conversion Reserve", a separate component of reserves and surplus head in the consolidated accounts. The method of translating expenses of overseas operations depends upon the timing of the funds used.

Other Accounting Policies and Notes:

There are set out under Significant accounting policies and notes as given in the standalone financial statements of Infronics Systems Limited.
